FRAMELESS MINERVA

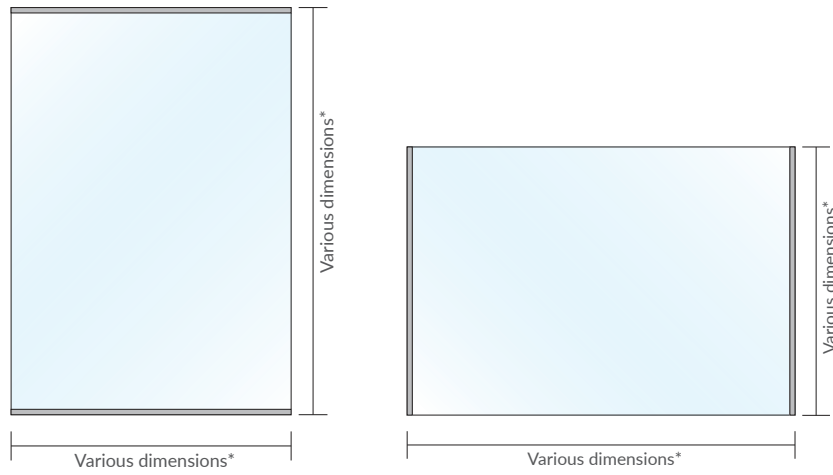

FRAMELESS and MINERVA describe two similar products at different bracket sizes; FRAMELESS has a bracket size of 5mm lens face and the MINERVA holds a smaller substrate at 2mm lens face. The sizing, coloring, and material possibilities are endless with both FRAMELESS and MINERVA displays. Perfect solution for a variety of signage and display requirements, FRAMELESS and MINERVA are perfect for door signs, mini directories, menu holders, poster displays, Point-of-Sales, Exhibit label displays, and Escape Plans.

* Standard Paper sizes available.
